Sir,

I have the honour to
forward herewith the Kaveripada
records ending with the
Sagar Guildars No 2196 dated
12th May 1896, regarding the
opening of an agri cultural
Bank at Ayelagale in the
Sagar Taluk.

2 The Bank in question
is proposed to be opened
by Thammannakatta and
12 others for the benefit of

Ejelagalale - and 9 other villages.

3. They own in all 240 acres of Kandayan land paying to Government an assessment of Rs 14.12-14-" annually and the encumbrances thereon amount to Rs 3850/-

4. These members apply for a loan of Rs 25000/, but the Cuildar and the Inspector of Agricultural Banks recommend the grant of Rs 15,000/. From the list herewith sent, it may be seen that the value of the lands owned by the members is estimated at nearly Rs 32,000/.

5. As the lands appeared to be overvalued, the Inspector

of Agricultural Bank was requested to re-investigate the matter. On his enquiry, the Amildar submitted a report stating that the original valuation was fair. But according to the statement of registered transactions, the value of garden land appears to be only about 200 Rs an acre on the average. Taking this as the basis, one cannot feel any doubt that the original valuation errs greatly on the side of excess. The lands cannot, in my opinion, be held to be worth more than between 20 and 25 thousand rupees. I cannot

safely recommend the grant of more than 12000 Rs as the starting capital of this bank.

I have the honour to be

My dear Sir, (9)

Your DO of the 21st Instant concerning the Yalapalak Agricultural Bank was delivered to me in camp on the 24th Instant, and references which had to be obtained from Head Quarters were received here today.

I submit herewith a translation of a Yadi addressed by me to the Deputy Commr in June last. It will explain what I wished to be elicited before the Govt advance was paid, and how that I left the matter for the Deputy Commr to decide. With incomplete records before me, and the too disclosing facts referred to in paras 5, 6 and 7 of the enclosure, I could not see my way to complying with the Bank's request, and therefore made the reference to the Deputy Commr. hoping he would be able to give early orders to the

Amildar

Amildar - I informed the Bank that its telegram had been sent to the Deputy Commr for orders and that it should await his orders.

I was anxious that the experience gained of the working of existing banks should be utilized in establishing new banks to place them on a more satisfactory basis, and that Government aid should not go to unworthy men. Hence para 4 and latter part of para 5 of the enclosure

I have not been getting returns or proceedings from this bank nor has it sent replies to yadis addressed to it I recollect having made a reference to the Amildar to ascertain the state of things but do not find it in the file sent to me from Head Quarters

As the Deputy Commissioner in his letter of 1st Instant to the ~~Secretary to~~ Government, states that "the ~~amount~~ sanctioned by Govt has not yet

advanced for the starting of this bank the bank has apparently not begun to work

Gadi addressed by the Inspector of Agr. Banks to the Deputy Commr. Shimoga Dist. No. 1734 dated the 21st June 1899, about the Galagalale Agr. Bank.

A letter and a telegram received from the President & Agent of the Galagalale Bank are herewith sent for perusal. They ask for instructions & the Amildar from this Office for payment of the advance sanctioned by Government

2. This Office is not in possession of all the papers relating to the Bank. Some matter requiring elucidation are noted below for consideration.

3 The Government, in para 6 of Proceedings No. 2116 dated 12th September 1898, have called for a report as to (1) whether the Govt. advance will be supplemented by any deposits from the Members, and (2) when the advance made by Government will be repaid & in what manner. If report on these points has been made by you & Government and order received in reply, I beg that copies of the same may kindly be furnished to me. If no report has yet been made it is a matter for your consideration whether the amount of advance could be paid before the report is made and orders of Government are received.

4 The rules published with the Revenue Darbar Address of 1894 require that members of such banks

should be of good character - In some places no heed had been given to this provision and self. arrogant selfish men who would not shrink from crooked ways had been admitted as members, giving room thereby to quarrels and irregularities. If the opinion of local officers regarding the character of the members of the Yalagalale Bank has not been already obtained I would suggest the same being called for.

5. In some banks members whose solvency and respectability had been reported upon to Govt. ~~(illegible)~~ in view to the granting of advance, had been removed without intimation to Government and new men admitted or it is happened that some such members resigned of their own accord without intimation to Govt. fearing the consequences of the misdeeds of one or two (managing members). In the Yalagalale Bank in question, one member out of the 13 referred to in the report to Government had already been removed on the ground that there were Sharers' disputes about his property. His name is Vottipod Lingappa bin Krishnappa and his property is stated to have been worth Rs. 2362-8-. in the estimate submitted to Government. It is a matter for your consideration whether the advance sanctioned could be given on the united credit of the remaining 12 members even after the

said Linyappa had ceased to be on the bank, and whether those twelve men were such as would transact business properly, with interest and zeal. In one or two instances it had come to notice that some had nominally joined as members to oblige one or two leading men and as soon as the money required for the pressing needs of the said one or two was obtained they became passive & left all the management in the hands of the one or two

6 In the report submitted to Government, the debts of the members of the Galapalee Bank, excluding that of Wottipod Linyappa removed, are stated to amount to Rs. 3,60[illegible] while in the proceedings of the members now received it is stated that they have debts to the extent of Rs. 20,300/ and that the Bank should give them for the present Rs 11,000. From this it will be seen that the whole of the Government Advance, (Rupees 12,000) would go towards the liquidation of old debts and that not only would there be no funds (in the Bank) for the upkeep and improvement of the gardens. (hypothecated) but the members would not also be free from the obligation to pay heavy interest on the large debts which would remain unpaid. There was no likelihood of the members deriving due benefit from the Bank unless outsiders give deposits to the extent of twelve or thirteen thousand Rupees relying on the respectability & solvency of the members.

The articles of Association require that members should help their banks with their gratuitous services. Complaints are however being received that though transactions are not numerous, unnecessary establishments are retained and paid for thereby reducing surplus. In the Galapalale Bank in question there are but 12 members and all there are literate. Nevertheless they have at the very commencement (i.e. before experience is gained) provided for a Mutaddi, a peon, and permanent contingencies - the total cost of which would be beyond the means of the bank and if added to the interest payable on Rs. 1200, would raise the rate of interest. These men do not appear to have realised one principal duty expected of the organizers of such banks.

A copy of the banks proceedings dated 1st May 1899 is enclosed for information. I request that such instructions as may seem proper may be issued to the Amildar in regard to the Bank's transactions and that a copy of the same may be sent by telegram and that a copy of the same may be sent to me for information

Sir

With reference to your docket
No. 4275 dated 13th December 1899
8 N 12 Mch
R7 8.98
enquiring whether the advance
sanctioned for the Agricultural
Bank at Yelagalale Sagar Taluk
should be paid to the bank or
not and if so on what terms,
I have the honour to state that the
amount of advance viz 12,000/-
sanctioned in Government P.O.
Proceedings No. 2116-9 dated 12th
R7 8-98
September 1898 was held in
abeyance as the Inspector of

of Agricultural Banks raised some doubts concerning the advisability of allowing it and as the matter needed some further investigation The points had reference to (1) the Solvency and Character of the members of the bank, (2) the advisability of advancing the amount to the members, when one of them had been excluded on account of some dispute regarding the amount of his share in the property; (3) the heavy liabilities of the members; (4) whether the members were likely to conduct the business of the bank satisfactorily and (5) what any remuneration

2. It is reported by the Amildar through the Sub Division Officer of Sagar, that out of 12 members (excluding the one referred to above), manchasale

(manigathe)

Mariyappa and Nllu Bheemaiya had been convicted and sentenced to one and a half months' imprisonment and 25 Rs fine respectively in a case of hurt and that the conduct of the remaining members was generally good that the advance sanctioned may be granted to the bank on the security of the 12 members remaining at present that the total liabilities of the said members amount to — Rs 12825/-, while they have got outstanding debts due to them to the extent of Rs 5238/- and that the members say that out of the sanctioned amount they would happy only such demands as are urgent and clear the remainder as they recover their outstanding arrears, and that the members have agreed to

to carry out the business of the bank without any remunera tion

3 I made some personal en quiries when I was lately in Sagar and was satisfied that there is no undue risk in ad vancing the money as sanctioned by Government. I recommend that the amount may be paid and shall see that properly secured bonds are obtained by the bank from each of the borrowers.

I have the honor to be,

No. 12

Office of the Inspector of Agri-
-cultural Banks in Mysore.
Dated, Bangalore 11th August 1900
13th

From

The Inspector of Agricultural
Banks in Mysore

To The Secretary to the Government
of Mysore, General and Revenue
Departments, Bangalore.

Sir, (14) In reply to your D.O. of the 7th instant,
I beg to submit the following remarks about
the granting of a loan to the Yelagalale Agri-
-cultural Bank

As the Amildar the Sub. Division officer and
the Deputy Commissioner have again re-
-commended the grant of the loan, after a
protracted enquiry (2) the amount sanctioned
in Govt: Pro:: No. 2116-9 / Rt. 8-98 dated 12th September
1898, may be ordered to be paid, though from
the present Constitution of the Bank, conditions
favorable for a healthy growth of the institution
appear to be wanting.

I do not know if any and what reply has
been given by the Deputy Commissioner regarding
the

the enquiry in the said order of Government
and in docket No. 3226 (6) dated 28th October 1879,
as to whether the Government advance had been
or would be supplemented by private deposits,
and if so, to what extent, and when the Government
advance would be repaid and in what manner
advance would be repaid and in what manner

As pioneers in the working of such institutions
desiring aid from Government, the members of
the Bank are expected not merely to deposit
their Savings in the Bank but also to exert themselves
earnestly to encourage outsiders to do so. Not-
withstanding repeated remonstrances from me,
this important work is not receiving the amount
of attention it deserves in many of the older
banks and what is remarkable, some applications
for loans to banks proposed to be established
newly, were actually withdrawn when the leading
members who came to see me were informed of
what they were expected to do in the matter of
encouraging deposits. They said they were under
the impression that all that had to be done was
to pay up interest and instalments regularly and
deposit their own savings, if any accrued, and
they could do no more. They were told that it was
never the object of Government to take the place of
the money lender and that its help would be given
to only

only such as fully realised the principles of Agricultural banking and strove zealously to act up to them.

I dare say that all this has been explained to the members of the bank in question as desired in para 6 of Government order No. (2) 2116-9 / 1278.98 dated 12th September 1898. I would urge it again upon their attention and ask them to carefully go through the enclosed Memorandum, and before drawing any money from the Treasury to judge for themselves as to their competency to carry on the duties devolving upon them in the manner expected

It is not likely that the bank in question will be in a position now to supplement the Government loan by private deposits, but it ought to be able to do so in the course of a few months if it has at least one or two energetic men with a high character imbued with zeal for the success of the institution I would wish the local authorities to satisfy themselves that there are such men.

The members of the Bank in their proceedings dated the 1st May 1899 of which a copy is enclosed, have stated that their debts amount to Rs 20300 that they ~~members~~ have applied for loans aggregating Rs 16,300 and that it is proposed to distribute Rs 11,000 among them. Now that the members are stated to have liabilities amounting to Rs 12,825 and that they propose to

to pay up only such demands as are urgent reserving the remainder for payment and recovery of outstanding debts due to them, the above proceedings have to be modified. I would suggest the amount of Government loan being given to the bank in such instalments as the Sub-Division officer may approve.

As regards repayment of the loan to Government 10 years time after the lapse of two years from the starting of the Bank, may I submit be allowed, without prejudice to the right of Government to proceed under section 74 of the Articles of Association should in the meantime the bank be found to be not working satisfactorily. Yearly instalments of Rs. 1200 may be allowed.

I have the honor to be,

Sir,

Your most obedient servant,

B Ramaswami Ayyangar

Memo

The Yalagalale Agricultural Bank)
Sagar Taluk

This bank was incorporated on the 13th April 1899 and it has a registered office in which its board, seal, articles of association and prescribed printed registers and forms are kept, but no business is done on the ground that it has not yet been supplied with any portion of the Government loan of Rs 12000 sanctioned in Proceedings No 2116-9 dated 12th Septr 1898 R.F. 8-98

2 The minutes of the first meeting of the General Assembly appointing office-bearers and fixing the amount of loans to be granted to each member were sent to this Office in May 1899 for transmission to the Taluk Authorities with instructions to cash the cheques to be issued by the President and Agent. But a report was due to the Government

follows:-
(1) as regards point (3) above - that the Security of the 12 members who now remain was sufficient for the loan sanctioned,
(2) as regards point (4) above - that two out of the 12 members had been convicted in a case of hurt and sentenced to imprisonment, but the conduct of the others was generally good,
(3) as regards point (5) above - that the total liabilities of members amounted now to Rs 12825 and they would utilise their outstanding debts, when recovered, to discharge a portion of their own debts
(4) as regards point (6) above - that the members agreed to carry out the bank's business without any remuneration.

4 The Deputy Commissioner, upon personal enquiry, was satisfied that there was no undue risk in ad-

vancing

advancing the amount sanctioned
and recommended its payment, and
in reply to the representations of the
members he informed them of the
recommendation made to Government
and said they should await reply

5 The members had been
accordingly waiting, but hope long
deferred had apparently given birth
to grim humour, for in a petition addressed
to the Inspector they say, that the sanc-
tion of Government had but given Kar-
namanda and that the Constitution
of the Department was merely for the
benifit of its Officials On the occasion of
the Inspector's recent visit to Sagar, the
agent and two of the members met him
and at their request the bank was inspected.

The following observations are submitted
on the points noted in the Government
order and other points

(1) The members hope to collect

Rs 10,000 only to start with — The sanctioned Government advance will thus enable members to discharge their debts and further to slightly augment the business of the bank,

(6) The members undertake to reduce cost of establishment from Rs 120 to Rs 24 or at the most to Rs 50 a year.

(7) A copy of a printed memorandum explaining in Kanarese the orders passed by Govt from time to time and indicating matters which require particular attention was given to the agent and the members who called to see the Inspector and after going through it and hearing further personal explanations, they say that they thoroughly understood what is expected of them and can exert to fulfil their duties and obligations.

(6) The members of this bank have been endeavouring, like the members of the Achada and Gersuppa banks in the

about Rs 1000 this year out of the out-
standings due to them and this they
promise to lodge in the bank to supple-
ment the Government advance. The
balance of outstandings Rs 4000 odd,
will also be lodged in the bank as re-
covered, and so too the annual surplus
of members which is calculated to amount
to between one and two thousand Rupees
after deducting Kandayam, interest
and other expenses. If these promises and
expectations are fulfilled the bank
will be one of our best institutions.

(2) The members undertake to repay
the Govt loan in ten annual instal-
ments commencing from June 1902
if the loan is advanced now.

(3) The lands of the 12 members now
constituting the bank are worth about
Rs 30,000, and the members require now,
as explained below, Rs 10,000 and not
the full amount of the sanctioned
loan of Rs 12000 - The balance Rs 2000
will, it is stated, be drawn if new

members are admitted, and these will add to the extent and value of land entered in the bank's register.

(4) As regards the character of members the opinion of the Taluk Authorities may be accepted as sufficient. They appear to be men of energy and zeal among the members.

(5) It is explained that by means of recoveries from outstanding debts and of the sale proceeds of Supari and paddy last year the members discharged portion of their debts aggregating Rs 7475, and have now remaining Rs 12825, of which Rs 5400 are due under mortgage deeds and Court decrees; that their resources this year are poor as the areca cardamoms and pepper vines suffered from the last years drought and price of Supari and paddy had fallen and that deducting about Rs 1000 of which they hope to get a relinquishment from their creditors and about Rs, 1000 which they hope to recover out of outstandings due to themselves, they will require

Memo

The Yalagalale Agricultural Bank
Sagar Taluk

This bank was incorporated on the 13th April 1899 and it has a registered office in which its board, seal, articles of association and prescribed printed registers and forms are kept, but no business is done on the ground that it has not yet been supplied with any portion of the Government loan of Rs 12000 sanctioned in Proceedings No 2116-9 dated 12th Sept 1898
R.F. 8-98

2 The minutes of the first meeting of the General Assembly appointing office-bearers and fixing the amount of loans to be granted to each member were sent to this Office in May 1899 for transmission to the Taluk Authorities with instructions to cash the cheques to be issued by the President and Agent But a report was due to the Government

Government on the two material
points referred to in para 6 of the
said order of 12th September 1898
namely (1) whether the government
advance would be supplemented
by any deposits from the members
themselves, and (2) when the advance
would be repaid and in what
manner; and enquiry was deemed
necessary into the following additional
points: (3) whether the removal by the
Bank of one of its 13 members, whose
property valued at Rs 2362, was in
cluded in the list submitted to govt.,
called for any reconsideration of the
order of Government, (4) whether the
remaining members were good and
respectable men deserving of confidence
and encouragement and whether
there were any energetic men among them
imbued with zeal for the successful
working of the institution (5) whether

the members were likely to derive adequat benifit by the working of the bank with funds amounting to Rs 12000, as they were stated in the said minutes of the General Assembly to have debts to discharge to the esclent of Rs 20,300.

(6) Whether the General Assembly in Sanctioning the entertainment of an establishment out of proportion to the needs and means of this small institution had before them the rule in Sections 5, 27 and 57 of the articles of Association about members rendering gratuitous Service, (7) whether the members fully understood the principles and rules governing Agricultural Banks.

(3) The result of the enquiry made by the Taluk authorities, as communicated to Government in the Deputy Commissioners letter of the 8th March 1900, was as follow

follows:-

(1) as regards point (3) above - that the Security of the 12 members who now remain was sufficient for the loan Sanctioned,

(2) as regards point (4) above - that two out of the 12 members had been convicted in a case of hurt and Sentenced to imprisonment, but the conduct of the others was generally good,

(3) as regards point (5) above - that the total liabilities of members amounted now to Rs 12825 and they would utilise their outstanding debts, when recovered, to discharge a portion of their own debts

(4) as regards point (6) above - that the members agreed to carry out the bank's business without any remuneration

4 The Deputy Commissioner, upon personal enquiry, was satisfied that there was no undue risk in ad-

vancing

in the same Taluk, to become indepen-
ent of their customary Sahukars
The delays occasioned in (and
incidental to) the granting of
Government loans are stated to
have exposed them all to the taunts
of the Sahukars. The members of
Arehada and Gensinkuni however
got the loans to start their banks
with, and they proclaimed their
triumph and their gratitude by
a Santarpane and presentation
of Kalasa to the Sagar Deity Ganapa
-ti; but the gentlemen of Yalagala
le have had for their share, say they,
only jeers and mortification The
desire of these members to start and
work the bank is, as may be imagined
very keen and the spirit of emula-
tion evinced is a good sign. If
the Government be pleased to
accord-

accord sanction to the Deputy Commissioner's recommendation, Rupees 10,000 may now be advanced upon Cheques to be issued by the Bank to its members, provided the members in a general Assembly pass Resolutions embodying the modified proposals and promises made, as above, and show to the Taluk Authorities the Registers of Members, the Register of Property, the Register of Applications and the Minute Book correctly written up, as also documents duly executed and registered

Head Quarters

The Yalagalale Agricultural Bank

Present Mr. Sambaiya Agent
— Parameswaran Director
— Sannappa Auditor

with Mr. Ramappa Shanbog of Yalagalale Magani

& explanations furnished and representations made by the above.

I As regards existing debts exceeding the funds the Bank was able to secure

(1) Sabayal Varnappa had debts as per Proceedings of 1-5 99 amounting to Rs 3500. He has since repaid Rs 1100/- by means of recoveries from his debtors and by proceeds from Supari and paddy produce. He has extensive lands and last year the produce and prices realised were both favourable The amount of his debts is thus reduced to Rs 2400/- for this his lands are hypothecated to Yogaraya Kvaray

(2) Ullgod Sambaiya had debts on above date amounting to

amounting to Rs2000/- Of which he has since repaid Rs 1000/- Balance due Rs 1000/- on Pro-notes and accounts. No hypothecation -

10) Manchale Mariappa had debts amounting to Rs 1500. Of which he has since repaid Rs 300/- He could not pay more as he suffered great damage from a fire which destroyed some Supari and Paddy in his house. Balance he owes is Rs 1200, of which Rs 800 are due to satisfy a decree in execution of which his lands have been attached. Rs 200/- due on a simple bond and Rs200/- on accounts and Pro-notes

11) Ullur Bhimanna and Sannappa brothers had debts amounting to Rs2000/- of which they have repaid Rs 850/- and they owe Rs 1150/- all under Pro-notes and accounts No hypothecation -

Thus against a total of Rs Rs 20, 300/-

Rs 20,300/- shown as owing by members in the Proceedings of May 1899 there is due now only Rs 12,825

This year the members are not in a position to pay anything from the proceeds of their produce to further reduce the debts for (1) the arecanut suffered from drought and the crop realised is comparatively small, (2) the price of Supari has fallen from 28 Varahas per Niga last year to 21 Varahas per Niga this year (3) the cardamoms were entirely burnt up and this crop has failed, (4) the pepper produce has likewise diminished considerably, some not having any, (5) Plantain produce has also become less and (6) price of paddy has fallen. They will have done much if they excel to pay up interest and Kandaya which they will do. Outstandings due to members amount to Rs 5238, of which

Rs 1500. He has since repaid Rs 550 with resources as above and has yet to pay Rs 950/- of which about Rs 450/ are due to Hosur Sannappa under a hypothecation deed, and there is a decree against him for Rs 150/- obtained by Yogaya Shesha giriappa and Kaule Deppappa. Balance is due on Pro-notes, accounts &c-

(3) Mungavalli Timmanna Bhat had debts as above amounting to Rs 1000, of which he has since discharged Rs 325- and has to pay Rs 675- on Pro-notes, accounts &c. His lands are not hypothecated to any body

(4) Tenkod Dyavappa alias Paramaswaria had debts as above amounting to Rs 1500 of which he has since repaid Rs 400, and he has yet to pay Rs 1100/ of which Rs 800 are due to Timmarson Narnappa of Sadlikere under an hypothecation deed. The balance on Pro-notes and accounts

(5) Manganalli Aiyappa - had debts as above amounting to Rs 1500/- of which he has since repaid Rs 500/- There is now a balance of Rs 1000/- all due on Pro-notes &c -- no hypothecation -

(6) Hosur Tippaiya had debts as above amounting to Rs2500 of which he has since repaid. Rs 1000/- There is a balance of Rs 1500, of which Rs 800/- are due to Hosur Sannappa under an hypothecation deed, balance on Pro notes and accounts.

(7) Kavalkod Venka Bhat, had debts amounting to Rs 1800, of which he has since repaid Rs 900/- Balance due Rs 900/- on Pro-notes &c. No hypothecation

(8) Sadhibere Narna Bhat had debts amounting to Rs 1500 of which he has repaid since Rs 550/- Balance Rs 950/- due on Pro-notes & accounts. No hypothecation.

(9) Illur Parameswaraiya had debts

for no fee. A Talwar having been newly appointed, his services will be availed of, and he will be paid abou Rs 24 per Annum. So a separate fee on Rs 2 per mensum will not be require and will not be employed. The Shan -bhog of the Magane Ker, Ramappa, who has till now helped the bank is willing to help it further in trans -acting its clerical duties gratis. He may join the bank as a member and take a loan: when he will derive no remuneration whatever. If he does not become a member a small honorarium may have to be given once a year. It is not in Con. templation to employ a Gumasta on Rs 5/- as resolved in the proceedings.

III As regards members Subscribing Government

Advance by private deposits

As settled already Rs 5238 are due to members from their debtors

Ryots.

about Rs 1000/- may be recovered this year, and this will be utilised to repay a portion of principal. If the debts due to the village Sahukars are all offered back in a lump sum they will make large remissions in favour of members and these may amount to from Rs 800/- to Rs 1000/-. So if the Government be pleased to grant Rs 10,000/- at the starting, the members will be able to discharge all their debts. The balance of Rs 2000 may be required when new members are admitted as the bank is in need of some.

11. As regards establishment Charges. —

No house rent will be charged, for cash will not be retained on hand, the bulk of cash balance will at once be sent to Treasury which is near. Mr. Sambaiya's house is registered for the Bank office and he asks for

Rs 20,300/- shown as owing by members in the Proceedings of May 1897 there is due now only Rs 12,825

This year the members are not in a position to pay anything from the proceeds of their produce to further reduce the debts for (1) the area suffered from drought and the crop realised is comparatively small, (2) the price of Supari has fallen from 28 Varahas per Niga last year to 21 Varahas per Niga this year (3) the cardamoms were entirely burnt up and this crop has failed, (4) the pepper produce has likewise diminished considerably, some not having any, (5) Plantain produce has also become less and (6) price of paddy has fallen They will have done much if they exert to pay up interest and Kandaya which they will do. Outstandings due by members amount to Rs 5238, of which

they called to see me, a copy of the printed memorandum explaining Government orders &c. They have read it and they say they can work the bank in the manner explained, and ask they may be given a trial. They assure me they feel no difficulty whatever in giving effect to rules and transacting business in accordance with them. Members are willing and ready to afford disinterested help. Messrs Sambaiya Parameswaraiya, Ramappa, Sannappa and Virnappa will be the active members and they will exert their best to make the institution a success, and encourage deposits.

They add that at present the members of the Bank are subjected to great ridicule by Sahukars and others.
